

'Rules ruled the roost in sport

Now, see here, sport!

GOOD Morning . . . our Aussie Rules writer "Punt High" reported yesterday that a record crowd of over 2000 turned up at Salk Oval on Sunday to watch the game between Palm Beach and Surfers!

As there were also well attended first grade fixtures on the same day at both Southport and Coolangatta the Rules people must be grinning with delight at the thought that they had the whole of the Gold Coast — football-wise — to themselves on Sunday . . . a promoters dream!

There's a lesson here for all other three codes . . . DON'T LET IT HAPPEN AGAIN!

There is some talk of the Rules Association sending letters of thanks to the other codes thanking them for their assistance to the old aerial ping pong cause by leaving them a clear go on a long weekend.

That's the least they could do!
